### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel claims 12-22 and 26-31.

### ***Election/Restrictions***

This application is in condition for allowance except for the presence of claims directed to an invention non-elected without traverse. Accordingly, claims 12-22 and 26-31 have been cancelled.

### ***Allowable Subject Matter***

Claims 1, 2, 5-11, and 32 are allowed.

The following is an examiner's statement of reasons for allowance:

Amendment and arguments filed on 6/7/11 are persuasive in distinguishing the claimed invention from the prior art. Specifically, arguments are persuasive in identifying that the prior art fails to disclose the claimed flattening layer formed on the flat surface of an insulating substrate and surrounding a wiring such that the surface of the wiring and a surface of the flattening layer form substantially the same plane as claimed (see Remarks Pages 11-16).

Art Unit: 2871

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
